Skills

Programming

- Java,
- Python
- C++
- PHP
- SQL
- C#

Web Development

- ASP.Net Core
- Blazor WebAssembly
- CSS
- JavaScript
- HTML
- React Js

Softwares

- Visual Studio
- SQL Server Management Studio
- .Net Framework
- Entity Framework Core
- Postman
- VS Code
- Git
- Netbeans
- Android Studio
- CISCO Packet Tracer

Training & Certification

- **CCNAv7: Introduction to Networks**
  (Student Certificate)
  Independent University, Bangladesh
- **CCNAv7: Routing and Switching Essentials** (ongoing)
  Independent University, Bangladesh

Awards

- Web Application Segment
  TechFest Autumn 2024 | Champion
- Database Management
  TechFest Autumn 2022 | Champion

About Me

I aim to utilize my skills and educational background to contribute effectively to innovative projects. As a dedicated hard worker, I am eager to take on challenging opportunities that allow me to make a meaningful impact as well as contribute to the growth of the organization. I promise to be fully committed to continuous learning and growth, striving to unlock my full potential.

Projects

- **Employee Management Portal**
  A portal for HR to streamline attendance tracking, leave management, and salary disbursement using **C#**, **Blazor**, **ASP.NET Core**, and a **3-tier architecture**. Used **Bootstrap** for responsive design and **APIs** for data transfer.
- **Weather Forcast Website**
  A dynamic website using **HTML**, **CSS**, **PHP**, and a **weather API** to deliver **real-time** weather forecasts for global locations.
- **Project Management Website**
  A project management app with task tracking, resource allocation, and collaboration using **HTML**, **CSS**, **PHP**, **JavaScript**, and **SQL**.
- **Web Application**
  Developed a **responsive** commercial website using **HTML**, **CSS**, and **Bootstrap**.
- **Arduino based IOT project**
  Created Arduino IoT projects, including a remote car and pick-and-place robot, highlighting my **programming** and **hardware skills**.

Publication

IoT Based Smart Insulin Delivery System and Diabetes Management System 2023

Conference: 2023 26th International Conference on Computer and Information Technology (ICCIT)

Education

Undergraduate 2021 – 2024

Independent University, Bangladesh
B.Sc in Computer Science & Engineering
Minor in Management Information Systems (MIS)
CGPA: 3.58

A levels 2019 – 2021
Result: **1A**, **1B**

O levels 2017 – 2019
Result: **2A***s, **5A**s, **2B**

Awards

- Object Oriented Programming
  TechFest Spring 2023 | Champion
- Microprocessor
  TechFest Summer 2023 | 1st Runners-up
- System Analysis
  TechFest Autumn 2024 | 1st Runners-up
- Vice Chancellor's List
  Spring 22, Summer 22, Autumn 22
- Dean's List
  Summer 21
- Dean's Honors List
  Autumn 21
- Intra University Programming competition

Language

- English
- Bangla

Work Experience

Teacher (Physics & Mathematics) 2017 – 2020
Cephalon
Tutoring O Levels students, managing their learning, and designing course materials.

Teacher's Assistant 2016 – 2019
Mathademia
Managing proxy classes, designing test papers and administering test

.NET Developer Intern 2024 – 2025
D Money Bangladesh Ltd
Developed an Employee Management Portal for HR tasks, including attendance tracking, leave management, and salary disbursement, using **C#**, **Blazor**, and **.NET** with a **3-tier architecture**. Focused on **back-end development**, **validating APIs**, implementing bank integrations, and applying code changes. Used **Bootstrap** for **responsive** design and **APIs** for data transfer.

Committees & Affiliation

General Member 2021-2023
JUKTI | Independent University, Bangladesh

- Provided logistical support for various university events and initiatives.
- Actively engaged in member outreach and acquisition at the recruitment booth.
- Provided essential support services for a variety of university activities such as Campus Tour, Orientation program etc
